AMBULANCE

HSE Ireland/Lifeline Ambulance Services donated yet another ambulance delivered to Kharkiv filled with all the necessary equipment.

Our partners **British-Ukrainian Aid** also donated an ambulance that was handed over to Bahmut. Each of our ambulances is equipped with **356 - 420 items**, depending on the request of the medics. Usually they contain medical bag, defibrillator, portable monitor, suction and all the tactical medical supplies: CAT tourniquets, Israeli bandages and haemostatic agents.

INSPECTION OF HOSPITALS

We conducted an inspection of «**Chutivka Central District Hospital**» in Poltava and discussed the following needs for which we are looking for funding.

EVENTS

In Ivano-Frankivsk, we have trained **>600** Ukrainian civilians in BLS+, as well as training n additional **15 trainers** to continue to carry out our lifesaving programming accross Ukraine.

This work was made possible by our generous partner, **Ukraine Charity**.

AEDs

Thanks to our partner organization, **Ukraine Charity**, we were able to **install three defibrillators in Ivano-Frankivsk**, including:

- Bus station "Grand vokzal"
- Shopping centre "Veles"
- Ivan Franko National Academic Ukrainian Music and Drama Theater.

Now, everyday Ukrainians are given access to equipment that can save the lives of their neighbors.

BLS+ EDUCATION

We continue to teach **BLS+ (Basic Life Support+)** skills and hold **free courses** open to all Ukrainians. This month alone, we trained **over 2000 people**, including those from refugee camps for internally displaced children, IT companies, and factory employees.

TACTICAL MEDICINE COURSES

This month, we have carried out training courses in tactical medicine to the **First Voluntary Medical Hospital**.

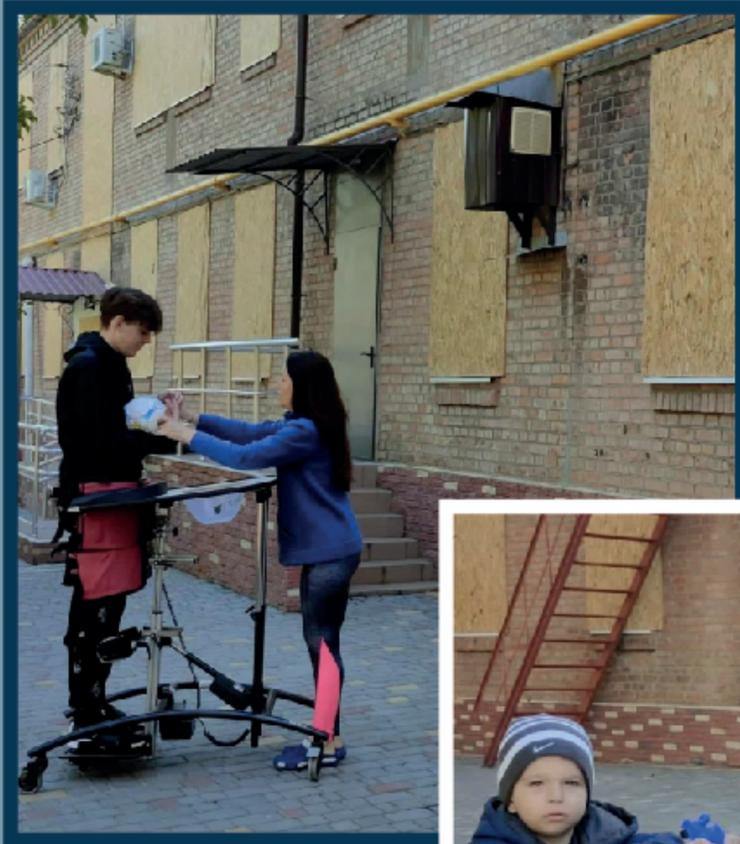

These courses enable frontline medics to save countless Ukrainian lives.

HOSPITAL EQUIPMENT

Thanks to our partners **HSE Ireland**, we delivered unique rehabilitation equipment for children with disabilities. As you can see from the photos - for some of them - it was the first time they were able to stand up or walk unaided.

This equipment is usually too expensive and inaccessible for families. It is our honour and great pleasure to contribute to the well-being of those who really need it!

THANK YOU, FOR YOUR SUPPORT
